INTEGRATIVE MEDICINE

Please note:

- Fee schedules are the same for both in-person and telehealth visits.
- Those who have insurance with which we are out-of-network, payment is due at the time of service. Time of service discounts are applied to these payments. Once your bill has been submitted to insurance, we are unable to offer the discount and you will be responsible for the full fee.
Patients are responsible for the cost of non-covered services.
- We are unable to schedule appointments for patients with a back-balance until your balance is paid.
- It is unlawful for our practice to waive copays, deductibles and coinsurance. If you have questions about your responsibilities with your policy, we recommend calling your insurance ahead of your visits to clarify. We are unable to adjust invoices once you've had your visit.
- Any fees prior to 8/1/24 will be billed according to our current fee schedule, which is noted in patient consent forms.
- As of 8/1/24, all patients will have to sign consents PRIOR to their visit and have a Card on file to be billed or visits will be rescheduled.
- For patients with policies other than our in-network insurances, your card on file will be billed the day of service. It is required to have a valid billing card on file all times, if your card is rejected at the time of billing we will contact you for an alternative payment source. Once your payment is made, we will submit your paid invoice to any of the insurance companies in our out-of-network list. Any reimbursement from those insurance companies will be paid directly to you. As we are opted out of Medicare, no attempt will be made for reimbursement from Medicare or Medicare-based plans. For all copays and deductibles, we will charge your card for this when we receive the amount due from your insurance company, or on the day of service for known deductibles.

If we are unable to reach you within 48 hours the time of service discount will be lost and full fee will be required.
